"Editor The Star: I read with interest your article in last Sunday's Gazette in which you were calling attention to the way in which Little Rock and Central Arkansas were 'hogging' the highway funds.

"I heartily agree with you, not only concerning the highway funds but all other funds that are allocated by the State and Federal Government.

"I am of the opinion (though I do not have any figures for this) that 75 per cent of the income that Little Rock has, consists of some kind of tax money or subsidy, and that the balance of the state receives only the crumbs. I think Little Rock is the biggest drawback we have to the progress of the balance of the state.

"The federal government is pouring money into Arkansas but Little Rock gets the vast majority of it and just a little of it trickles out into the other areas. Our state legislature appropriates money to build new buildings and for other expenditures, but these buildings are almost always built in the vicinity of Little Rock and the expenditures are principally made there.

"I will admit that Little Rock, being the capital and being in a central location, should receive a larger percentage of our tax money than other areas, but I do think that the proportion that they receive is out of line.

"I think that it is high time that a movement be started to try to change the situation, and see if we in the outskirts of the state could not get more attention.

"We in Fort Smith resented the article in the Gazette recently in which it belittled our position on the frontier. Frankly, many of us in Fort Smith do not feel that we are a part of the state of Arkansas, and wish we were in Oklahoma. But the progress we have been able to make, we have done ourselves even though Little Rock has always been antagonistic toward us. Sincerely yours,"

T. L. HUNT

April 14, 1972
Hunt's Department Stores
Fort Smith, Ark. 72901

Mr. Hunt's letter is with reference to the editorial published in The Star of March 29, which was reprinted in whole by our neighbor, Louis Graves' Nashville News, and reprinted in part by the Arkansas Gazette Sunday, April 9.

I'll do the Gazette justice: It published the paragraphs which took a bite out of its durable hide.

However, this is sound journalistic practice. If someone praises you bury it on an inside page under a small headline. But if he tears you up display it prominently—the public loves to see a newspaper take some of the medicine it dishes out to others.

Here's a note for City Hall and the State Highway Department:

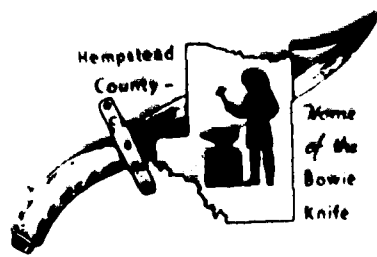

While South Main St. is closed to through traffic because of relocation of utility lines and reconstruction of the street, Highway 29 South traffic is being detoured by way of S. Elm St. This is causing a monumental traffic jam at Elm and Sixth Sts. twice a day—at the early morning rush hour and again around 5 p.m.

The Star suggests one of several solutions: (1) Install a temporary signal light, or (2) create a four-way stop situation, or (3) assign a policeman at that intersection during the two traffic peaks.

In this column March 30 I reported the dedication of a fine new First Baptist Church in Sarasota, Fla., an occasion when tribute was made to the late Rev. W. R. Hamilton, the pastor who witnessed the church's greatest growth—the Rev. Mr. Hamilton having been pastor of Hope's First Baptist for many years before being called to the Florida church.

In the communication from Sarasota I couldn't make out the spelling of the architect's name, so omitted it. Now the matter has been cleared up. The architect's name is Edgar C. Hanebuth, a friend of the editor's sister and brother-in-law, Dr. and Mrs. Clark H. Yeager.

HOPE, ARKANSAS, MONDAY, APRIL 17, 1972

Beg Pardon, the Wrong House

—Hope (Ark.) Star photo

It started on a day in March 1971. A local painter drove to 1210 South Main and by the end of the day nearly one side of the white frame house had been painted green. It was the right street but the wrong block and the wrong house.

The house is owned by Mrs. Emma G. Thomas, the painter is Eugene Shuster. It turned out he was supposed to be painting a house for John B. (Jack) Lowe on the next block.

No agreement could be reached so Mrs. Thomas filed a suit in Hempstead Circuit Court asking \$3,000 in damages with Shuster and Lowe as the plaintiffs. Last weekend a jury freed Lowe of liability and awarded damages of \$1,500 to Mrs. Thomas against Shuster.

Skin Peeling But Apollo Continues on Moon Route

SPACE CENTER, Houston (AP) — The protective skin of the Apollo 16 moon lander Orion continued to peel away today but America's lunar explorers hurtled onward anyway toward a landing on the mountainous rooftop of the moon.

The cause of the strange flaking of the thin aluminum foil and mylar thermal blanket remained unknown, officials said. Engineers sought to simulate the problem with a mock spacecraft at the Manned Spacecraft Center here to explain it.

Navy Capt. John W. Young and Air Force Lt. Col. Charles M. Duke Jr. entered the lander a day ahead of schedule Sunday night, turned on its power and conducted a one-hour inspection.

Nothing appeared amiss in the spacecraft's systems and there were no plans to alter the mission.

"At this time there is no undue concern about it," Mission Control said after the inspection apparently ruled out troubles with major spacecraft systems.

The skin problem was the

first flaw in an otherwise perfect mission that began at 12:54 p.m. EST Sunday when a towering Saturn 5 rocket thundered the astronauts into space.

Apollo 16 was so precisely on course Sunday night that a planned midcourse correction was canceled. The astronauts will have an opportunity to perform a course correction tonight and again Tuesday and Wednesday before firing their spacecraft engine at 3:23 p.m. Wednesday to slip into lunar orbit.

Bright Star Was Venus

COLORADO SPRINGS, Colo. (AP) — The North American Air Defense Command says that a bright light seen above the moon Sunday night posed no threat—it was the planet Venus.

"We've gotten calls from people saying they'd seen antennas on it," a NORAD spokesman said. "It's not so and it's nothing to worry about."

The bright planet was seen by persons in several different parts of the country during the

evening hours. In Arizona, some telephone callers feared the moon was breaking up or that an object was about to strike the moon. Others said they thought it was the Apollo 16 spacecraft.

In Cambridge, Mass., the Smithsonian Astrophysical Observatory's satellite tracking service had said that close proximity of Venus and Mars, as viewed from earth, would be visible Sunday near the moon.

The observatory said the phenomenon was the highlight of a week of celestial events where Venus, Saturn, Mars and a bright star cluster were within a few degrees of each other as viewed from earth, creating a single bright light in the skies.

Dr. Bart J. Bok, University of Arizona astronomer, noted that the moon and Venus line up 17 times a year but rarely are viewed together because this usually occurs during bright daylight or is visible only in remote areas of the earth.

U.S. Bombers Pound Heartland of Enemy

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — American warplanes made their biggest MIG kill in 4½ years Sunday and heavily damaged fuel depots in massive raids in the Hanoi-Haiphong heartland of North Vietnam, the U.S. Command reported today.

Three MIG21s, North Vietnam's fastest warplanes, were shot down Sunday southwest of Hanoi before they could get off a shot, the command reported. It was the first time American pilots had downed three MIGs in one day since Oct. 26, 1967.

While the command said no

U.S. planes were downed by the enemy fighters, it reported a Navy A7 and an Air Force F105 lost during the raids. The pilots of the A7 was rescued at sea, and the two crewmen of the F105 were reported missing.

Three other American aircraft were lost in South Vietnam, the command said.

On the ground, the South Vietnamese command claimed that is forces and allied warplanes killed more than 400 North Vietnamese and Viet Cong in heavy fighting a mile east of An Loc in Binh Dinh Province on the central coast,

and in southern Cambodia. South Vietnamese losses were 53 killed and 86 wounded, the Saigon Command said.

The South Vietnamese said 2,000 paratroopers who were landed Friday within two miles of An Loc had fought their way into the provincial capital 60 miles north of Saigon, joined forces with the defending garrison and pushed out the enemy troops. A spokesman claimed that government forces had recaptured the entire town.

North Vietnam claimed that "many hundreds of civilians" were killed and wounded in the

U.S. strikes at Hanoi, the North Vietnamese capital, and Haiphong, its chief port, and that several ships tied at the Haiphong docks were damaged. It said several Russian sailors were wounded when a Soviet ship was hit.

The U.S. Command refused to confirm or deny that the Haiphong docks were hit. It declined to go beyond communications saying that the Air Force and Navy planes attacked fuel depots, warehouses and truck parks in the vicinity of Haiphong, and on the outskirts of Hanoi.

Reds Offer to Resume Talks

PARIS (AP) — North Vietnam offered today to resume secret negotiations with the United States and send Politburo member Le Duc Tho back to Paris if the United States stops bombing North Vietnam and resume their weekly meetings of the Paris peace talks.

There seemed no likelihood that the United States would accept the offer unless North Vietnam called off its offensive in South Vietnam. Ambassador William J. Porter, the chief U.S. delegate to the peace talks, said last week that the United States would not agree to "meetings at gunpoint."

5,000 More Returning

SAIGON (AP) — Total American troop strength in South Vietnam dropped 5,000 men last week to 85,000, the U.S. Command reported today, but Marine forces increased by 1,000 and the number of offshore naval personnel nearly doubled to more than 30,000.

The command reported in its weekly summary that the number of Marines jumped to 1,400 and the number of Navy personnel serving with 7th Fleet ships off the coast rose to 34,000 from 18,000 in the previous week.

The increases reflect the stepped up U.S. air support in the effort to blunt the current North Vietnamese offensive.

President Nixon has ordered U.S. troop strength in South Vietnam cut to 69,000 by May 1.

Warming Trend Expected

By THE ASSOCIATED PRESS

The eastward drift of a high pressure center over northwestern Arkansas is expected to bring a southerly flow of air and a warming trend to the state, the National Weather Service said today.

As the center moves east, winds from the south will bring warm, moist air to the state, creating the possibility of scattered thundershowers to Northwestern Arkansas Tuesday.

The long range forecast sees the possibility of showers and thundershowers for the state through Friday.

Low temperatures tonight are predicted in the mid 50s to the mid 60s. Highs Tuesday are forecast in the low to mid 80s.

Russia Protests Bombing

MOSCOW (AP) — The Soviet government made an official protest Sunday night against the U.S. escalation of the air war in Vietnam and Pravda followed up with a strong attack today. But there was no mention yet of President Nixon's trip to Moscow next month.

A White House advance team was to leave Washington today and arrive in Moscow on Wednesday to begin preparations for Nixon's visit. A U.S. Embassy spokesman said there had been no change in plans.

U.S. Ambassador Jacob D. Beam was summoned to the

Foreign Ministry to receive the Soviet protest note. Sources said it specifically mentioned the bombing of Haiphong but they declined to say whether it referred to Nixon's visit May 22 directly or indirectly.

Administration officials in Washington said the U.S. government was working on a reply.

"Venturing a new escalation in the war in Vietnam, the U.S. aggressors are playing with fire," the Communist Party newspaper Pravda said in a commentary today.

Won't Let Hanoi Take Over by Force, Rogers Declares

WASHINGTON (AP) — Secretary of State William P. Rogers said today the Nixon administration "has no intention to permit South Vietnam to be taken over by force."

Rogers said the United States will not permit the North Vietnamese offensive to succeed. Rogers said the air offensive against Haiphong and Hanoi is in keeping with President Nixon's prior assertions that the United States would not permit North Vietnam to take advantage of the withdrawal of U.S. forces.

The secretary of State appeared before the Senate Foreign Relations Committee to defend the Administration foreign aid budget but immediately was quizzed by Chairman J. W. Fulbright, D-Ark., about re-

Bulletin

MOSCOW (AP) — The Soviet Union said today four Soviet merchant ships were damaged in the U.S. bombing raids of the North Vietnamese port of Haiphong. U.S. Ambassador Jacob D. Beam was summoned to the Foreign Ministry and handed an official protest, Tass reported.

newed American assaults in North Vietnam.

Fulbright said he did not think that the interest of the United States merited such a counter-reaction.

Rogers said there are three purposes primarily for the renewed air and naval strikes against North Vietnam:

1—To protect American

troops still in South Vietnam.

2—To make certain that the withdrawal of American forces can continue.

3—To give South Vietnamese a chance to defend themselves against the massive invasion.

Rogers said the United States does not intend to reintroduce ground combat forces into the action in Vietnam but that the air and naval strikes should make clear to the other side that America is going to take any action necessary to support the people of South Vietnam.

In a prepared statement, Rogers called the North Vietnamese invasion of the South "a naked aggression of the most flagrant type," and said all but one of the 13 North Vietnamese combat divisions are engaged in attacks against the South.

Methodists Announce Sale of Building

The First United Methodist Church of Hope announced the sale of the present church building on South Pine to Dr. George Wright of Hope. The \$150,000 purchase includes all real properties of the church and all property within the church with the exception of those items that are to be used in the new building.

The present building was begun in 1917 under the leadership of the Rev. T. D. Scott, at a cost of \$50,000. Completion date was June 15, 1918 and the Rev. Scott preached the first sermon in it on the following Sunday.

Groundbreaking ceremonies for the new church plant to be

located on state Highway 29 South of Hope were held Sunday, April 9. Construction is to begin immediately and will take approximately one year to complete. The new church plant will include a sanctuary, educational building, parsonage and parking lots. The new parsonage has been completed. The Rev. Norris Steele is pastor.

Q. Byrom Hurst Here Monday

Q. Byrom Hurst of Hot Springs, candidate for Governor on the Democratic ticket, brings his campaign to Hope Monday. Mr. Hurst plans to arrive about 4:15 p.m. and to campaign in the downtown area.

Damage Suit Filed

PARIS (AP) — Charles de Gaulle's children have filed a \$20,000 damage suit demanding seizure of a book containing quotations from the late president's work.

The family, backed by the Plon publishing house is suing journalist Andre Passeron, said Saturday it had the right to keep royalties on De Gaulle's work to itself.

Passeron has published a book on the president titled "De Gaulle 1958-69" of which 85 of 320 pages contain quotes and extracts from De Gaulle's speeches.

Woman Drowns at State Park

WALNUT RIDGE, Ark. (AP) — Charlene F. Baldwin, 41, of Alton, Ill., drowned Saturday when she fell from a boat while fishing at Lake Charles State Park.

Officials said Robert Songer of East Alton, Ill., also fell into the water, but he was rescued by a nearby fisherman.

Youth's Body Found in River

OZARK, Ark. (AP) — The body of nine-year-old Rusty Le Due of Ozark was found Sunday night in the Arkansas River near the Ozark Lock and Dam where he was fishing Sunday when he slipped into deep water and drowned.

Authorities said the body was found about 9:30 p.m. by search groups composed of police divers and volunteers.

The boy and his 14-year-old brother, Randy, were wading in the river and fishing when Rusty slipped into water over his head. Officials said Randy also got into deep water when he tried to save his brother.

A Fort Smith man, Charles Richard Nix, was fishing from a boat nearby and saw the children struggling. Police said Nix jumped into the water and grabbed the boys, but was unable to hold Rusty. Nix saved Randy, however.

BEN DOWNS

JIM BROWNING

Ben Downs, valedictorian, and Jim Browning, salutatorian, lead the 1972 graduating class of Hope High School. The 219-member class will be graduated April 25 at 7:30 p.m. in Hammons Stadium.

Ben, son of Mr. and Mrs. Earl D. Downs, has been co-editor of the yearbook this year. Last week he received the Bausch Lomb Science Award for outstanding science student. He is a member of the National Honor Society, Beta Club, Inter-Club Council, Junior Counselors, Quill and Scroll Honor Society, Mu Alpha Theta Honor Society, and

French Club. After school hours have been spend announcing for the local radio station, KXAR. Ben will attend Texas A & M to major in electrical engineering. Jim was president of the National Honor Society this year and Hi-Lights photographer and reporter. His club memberships include Beta Club, Quill and Scroll Honor Society, Mu Alpha Theta Honor Society, Junior Counselors, and French Club. He has worked part-time at the Hope Star for several years. He will enter Ouachita Baptist University this fall.

Slight Damage to House

The Hope Fire Department was called to a house fire at 808 First Street Sunday. Firemen extinguished a gas line blaze. Very little damage was done.

All Around Town

The WOW Outstanding American History Student Award was presented to Barbara Jackson, a senior, at Hope High School Friday morning.

Dr. C. Lynn Harris of Hope, a member of the Council of the Arkansas Medical Society, will be attending the Society's 96th annual session in Hot Springs April 23-26.

As counselor for the sixth district, Dr. Harris represents physicians in Hempstead, Howard, Polk, LaFayette, Little River, Miller, Nevada, Pike and Sevier counties.

Jack Arnette of Hope Auto Company has been selected as one of the nation's leading Ford dealership salesmen during 1972 and will receive Ford Division's Sales Award at a banquet in Memphis on Saturday, April 15.

Friends will be happy to know Mrs. Willy Mae Ramsey has been released from intensive care ward in Wadley Hospital to room 581. She had surgery last Tuesday.

Blevins School Board named James Thurman as president. Loy Rodgers is the secretary and the meeting times were set for 7:30 p.m. on the second

Tuesday of each month, according to Supt. Curtis Pharr.

Emmet PTA and the Senior Class will hold a political rally and pie supper Friday, May 12 at 7:30 p.m. at the school. All Nevada and Hempstead County candidates are invited as well as state candidates.

The Curriculum Subcommittee of the Citizens Committee For Better Quality Schools will meet Monday, April 17 at 7 p.m. in Hope High School. Counselor Earl Downs will review the Achievement Tests recently given by the school. All interested persons are invited to attend.

Hope High School Senior Class members and their parents are reminded that the deadline for Senior Prom ticket sales is Tuesday night. All money must be turned in to Steve Harris at that time.

Whitfield Masonic Lodge No. 239 will have a regular meeting Tuesday, April 18 at 7:30 p.m.

Due to conflicting dates the April meeting of the Millwood Shrine Club will be held Tuesday, April 18 at Henry's Drive-In in Nashville at 7 p.m. this will be a business meeting.

DR. LAWRENCE E. LAMB

Reader Questions Statistics

By Lawrence Lamb, M.D.

Dear Dr. Lamb—I am exceedingly perplexed about your statement that alcohol has only a bit fewer calories than pure fat. A book I have says there are 83 calories for one ounce of bourbon and 73 for one ounce of scotch, and his accords with what I have always read and what doctors have consistently said in connection with alcohol and weight. If there is new evidence which is available to you, I am sure that others of your readers as well as I would like to know what it is.

I was a teetotaler until I was 50 and am just as much against the abuse of alcohol as you are, but in recent years I have taken one and one-half ounces of bourbon in water at bed time to help me sleep.

Since I do gain weight every winter and take it off every spring, I shall certainly cut out the whisky if you can make good the statement in your column which at the moment I frankly believe to be completely inaccurate.

Dear Reader—I wish everyone's problem was as easy for me to solve as yours. Neither bourbon nor scotch is all alcohol. My statement comes directly from the U.S. Department of Agriculture's analysis of food. One gram of alcohol contains a little more than 7 calories. A gram of fat contains from 8.37 to 9.02 calories.

A one and one-half ounce jigger of whisky like you take at bedtime will vary in its calorie content from 100 calories for that with only about 40 per cent alcohol to about 125 calories for whisky made with 50 per cent alcohol. Even the strongest whisky is only about 50 per cent alcohol and most of the rest is water.

So I will stand pat on my statement that alcohol has almost as many calories as pure fat, but let me point out to you that I did not say bourbon or scotch, but alcohol. If you are still unhappy with how many calories there are in alcohol, you will need to take it up with the man upstairs, not me.

Now in reference to whether you need to quit taking your one and one-half ounce of bourbon at bedtime that is an individual matter. It certainly is a useful sedative and helps a number of people in this regard and although it does contain some

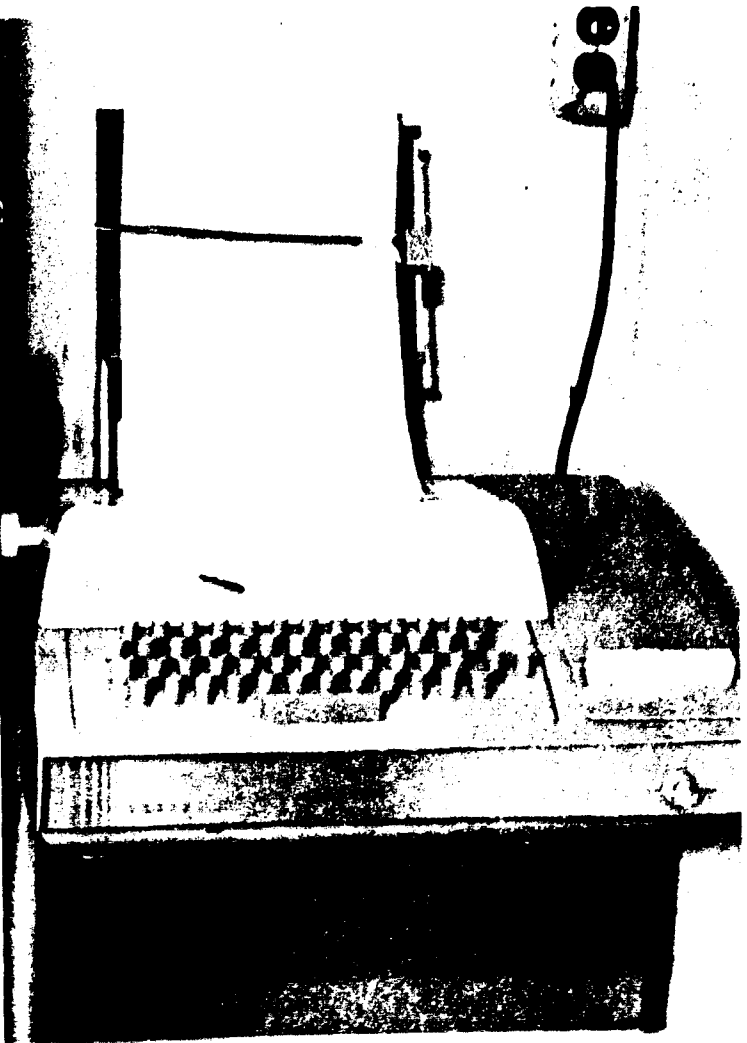

Carmichael Receives Degree

BLOOMINGTON, Ind. (AP) — Hoagy Carmichael, who is reputed to have composed the famous "Stardust" while hunched over an old piano at a student hangout here, has been awarded a doctorate of music by Indiana University.

Carmichael, an IU graduate, was one of six musicians awarded honorary doctorates over the weekend at the dedication of IU's new Musical Arts Center.

The heart-lung machine pictured above automatically pumps the patient's heart and does cardiac and pulmonary resuscitation. All the patient's cardiac and pulmonary activities are shown on the monitor in top of photo. This information also goes to a central nurses station nearby.

—Hope (Ark.) Star photo

All activity of the patient feeds into the teletype machine pictured above. This information goes into a computer in Chicago. In five minutes some 21,000 probes are made and a complete analysis of the patient's heart condition is returned. Some 200 of the nation's finest cardiac specialists programmed the Chicago Computer. This new equipment gathering and reporting conditions and information is like having 200 heart specialists available for consultation immediately. The availability of this equipment can increase a person's survival chances by 50 per cent.

HELEN HELP US!

by Helen Bottel

"Male Linguistic Chauvinism"

Dear Helen:
Now that we've got "Ms." squared away, let's beam in on this business of labeling everyone male when both male and female are represented or the gender isn't specifically known. As in: "All men are created equal"—(how about women?) Or "Will everyone take HIS place in line?" (When the "hers" are very apparent.) Or "He who laughs last laughs best" (only men laugh yet?)

There is no such word as "chairwoman" and I'm sure females would balk at being called "laywomen," while "mailwoman" sounds a bit on the hermaphrodite side. (For that matter, it would seem that whenever "her" is used, it's in a downgrading word...why not HERmaphrodite?)

The English language, it appears, works overtime to make women invisible or inferior. Someone called this "male linguistic chauvinism." I'm with Betty Friedan who suggests that "history" be labeled "herstory" since females helped make it.

Comments anyone? —MS. T.

Dear Ms. T.:
How about "his'n herstory"? Come to think of it (and I really hadn't before), there's a spot of "male linguistic chauvinism" in HELEN HELP US! "HERlen HERUp!" perhaps?

...And maybe "woman" should be "wo-person," "humans" "hu-people"? Should we coin the words "hiser" (for his-or-her) and "shehe" when referring to both sexes? Consider "hedonist"? Without a "she-donist" he might become a "his-mit."

Newspaper columnist Zorah Buchman had some recent thoughts on the subject. Sez she: "Highly vocal women's liberation advocates have frequently launched assaults on our 'anti-female language.' Some completely objective research—even though I'm she not he—reveals that any latent prejudice is wholly unintentional and about equally divided between the sexes. For one thing, does any inclination toward female repression, despite some explicitly stated Biblical view, exist in the name 'Hebrew'? Would 'SHE-brew' be more acceptable to quibblers? 'Heresy, hearse, and heathen

could just as appropriately be called HIS-ey, HIS-se, and SHE-athen. It's easy, if you overlook the element of chance and derivations, to find numerous examples (such as Betty Friedan's HIS-tory) of MLC (male linguistic chauvinism).

"But then other glaring errors come to mind, like Herculean, which should be HIS-culean, of course. And how about a herd, that can include boy anything as well as girl creatures? 'HIS-d?' In view of current male coiffures, hirsute should really be HIS-sute. Even words like heredity and heritage, if there's any biological justice, should read THEIR-edity and THEIR-itage.

"One relates shenanigans to boys, so why not HE-nanigans? Why shouldn't the totally masculine word 'sheik' be HE-ik?"

"And how about the obvious misnomers for predominantly feminine manifestations like 'histrionics,' 'hysterical' and, for heaven's sake, 'hysterectomy'? Substitute 'hers' if you wish—as in HERS-terectomy—but don't call it masculine domination.

"I'm pleased at the compliment implied in giving girls' names to powerful, dramatic hurricanes. Would HIS-icane Clarence ever be so devastating as its predecessor Camille?"

"If everything that's 'his' must become 'hers' also, how in the name of consistency do we deal with such ambivalences as, say, 'antihistamine' without offense to either faction? 'Anti-HERS-tamine?' 'UNCLE-histamine?'"

"Yours, with tongue in cheek—or maybe 'o-HER-ck?' —ZORAH B.

NOTE FROM HER-len: Dear Wo-persons' Liberationists—We're only kidding, please don't give us HER-II! —H.

Bus Crash Kills Four

HARRISBURG, Pa. (AP) — Four persons have been killed and more than 40 hospitalized in the crash of a sightseeing bus on the rain-slickened Pennsylvania turnpike.

State police said the chartered Continental Trailways bus, enroute from Philadelphia to Cleveland, skidded in heavy rain on the turnpike and rolled down an embankment near here Sunday.

Tops in FFA Rodeo

June Ann Downs was voted Junior Rodeo Queen at the FFA Rodeo.

Yvonne Fry was winner of the Little Britches Bull Riding contest at the FFA Rodeo.

Danny Joyce earned the most points in participation at the FFA Rodeo and was named All Around Cowboy.

June Ann Downs, Yvonne Fry, Debra Robinson and Peggy Rodeo Queen following voting by the 13th Annual FFA They were the only girls in this Rodeo staged April 7-8 at the competition Debra also won the Indian Scramble in which she was the only girl contestant.

June Ann was named Junior Rodeo Queen following voting by those in attendance at the rodeo on Friday night. Other contestants were Carol Dillard, Sydnee Snyard, and Stephanie Boschma.

Yvonne Fry won the Little Britches Bull Riding, usually won by the boys. Competition was on both nights of the rodeo.

Danny who was selected All Around Cowboy participated in every main event and made a good showing in all of them.

Mike Elder was first runner-up and Phil Butler, second runner-

Hogs Score 51 Points

FAYETTEVILLE, Ark. (AP)—With quarterback Joe Ferguson putting in time for both teams, a total of 51 points went on the scoreboard in the Arkansas Razorbacks' Red-White football game Saturday, but coach Frank Broyles was not too impressed with the offensive display.

The Red team won 31-20. "We lacked consistency offensive," he said. "The defense definitely won this game."

"The only time the offense moved was when the defensive subs were in the game. I would say 150 to 200 yards made by both offenses came against the subs."

But Broyles did have praise for Andy Bolton, a sophomore squadman who kicked six consecutive extra points and three of five field goals, including a 45-yarder into a slight wind.

"I was pleased with his kicking," said Broyles, who is searching for someone to replace Bill McClard, the graduating record-setting kicker.

Ferguson was the backup quarterback Saturday so that two sophomores to be, Jon Booty and Mark Miller, could play.

The Red team, with Miller at the controls, struck first in the opening period, getting a 22-yard field goal from Bolton after a 24-yard drive.

Ferguson made his entrance into the second quarter for the White team and directed an 80-yard touchdown drive capped by Dickey Morton's 17-yard run. Ferguson hit Mark Hollingsworth with a 20-yard scoring pass and a 14-3 lead later.

The sharp-throwing quarterback, expected to be in the running for the Heisman Trophy next season, directed another drive that ended in a 23-yard field goal by Bolton.

Ferguson then stepped to the Red side and scored on a one-yard sneak after an 85-yard drive. He then retired from the game.

Bolton kicked a 45-yard field goal for the Whites in the third quarter.

Miller added a two-yard touchdown run for the Reds. And Jon Richardson scored twice on runs of 11 and two yards for the Red team.

Morton was the rushing leader with 127 yards and teammate Marsh White had 63 yards.

Miller ran for 69 yards and hit on 10 of 15 passes for 204 yards. Ferguson, who did not play in the second half, hit on two of four passes for 19 yards. Mike Repond caught four passes for 100 yards.

The Razorbacks will end spring drills with their second Red-White game next Saturday at Little Rock.

KC Players Spoil Game Plan

By HAL BOCK
Associated Press Sports Writer
Memo to American League President Joe Cronin:

Remember that protest from the Kansas City Royals regarding their opening series with the Chicago White Sox?

Well, now you can forget it. The Royals were up in arms over the disadvantage they were at because Chicago had allowed its players to work out at White Sox Park during the major league baseball players' strike, contrary to an American League order.

Management decided it would protest any games the rusty Royals lost to the in-shape White Sox. Then the KC players went and spoiled the plans by winning all three games.

Kansas City completed the opening series sweep with 2-1 and 4-3 victories in Sunday's doubleheader. Elsewhere in the American League Sunday, Minnesota topped Oakland 3-2; Texas trimmed California 5-1 and Baltimore defeated New York 3-1 in the rain-shortened first game of a scheduled doubleheader. The second New York-Baltimore game, Milwaukee's doubleheader at Cleveland and Boston's game at Detroit all were rained out.

Amos Otis, who was too late driving from his home in Virginia to get in Kansas City's starting lineup of Saturday's opener, made up for lost time Sunday. Otis drilled a pair of singles in the first game, driving in the Royals' first run and then scoring the winner in the fifth.

The White Sox, beaten in 11 innings Saturday after a two-out homer in the bottom of the ninth by Bob Oliver had tied

the score for KC, took the early lead behind Stan Bahnsen in Sunday's opener.

In the nightcap, Steve Hovley's 10th inning single drove home Paul Schaal with the deciding run. Schaal had walked and moved up on infield out before Hovley's two-out hit won it.

Bobby Darwin, converted from pitcher to outfielder, hit his second homer in as many games for Minnesota and the Twins edged Oakland. Darwin's two-run shot tied the game in the fifth inning for the Twins after Chuck Manuel had opened the inning with a single—the first hit against Jim "Catfish" Hunter.

Boston (AP) — A flock of doctors, clergymen, a congressman, judges, authors, cops and firemen, authors, bank tellers, salesmen, laborers, school teachers—and now housewives.

People from all walks of life were represented among more than 1,200 entries today for the 76th Boston A.A. Marathon, a 26-mile, 385-yard jaunt for a few prizes and traditional beef stew.

Distance runners from 11 nations, 42 states and the District of Columbia were down to jam the starting line on a narrow tree-lined street in Hopkinton. The starting gun at high noon touched off the second biggest human stampede in BAA history.

Marathon officials, who have tried in vain to keep gals from the course in the past, finally bowed to Women's Lib. Nine women assigned special "F" designations and numbers.

Surprises in Track

By DAN BERGER
Associated Press Sports Writer

Winning two Olympic gold medals in a row is the goal of both Lee Evans and Madeline Manning Jackson; winning one more is the hope of aging Ralph Boston; just getting to compete is the prayer of South Africa's John Van Reenen.

On a weekend of surprises, all four stunned the track world and little Kjell Isaksson of Sweden stunned himself with a world record as Munich fever continued to spread.

Evans, the San Jose flash, rocketed to a 44.9 victory in a 440-yard dash Saturday at UCLA's Meet of Champions.

Meanwhile, at the Dogwood Relays in Knoxville, Tenn., Mrs. Jackson came back spectacularly from a three-year lay-off. The Olympic 800-meter champion first raced 400 meters in 53.3 seconds and then turned in a zippy 2:07.1 in the half mile. She's the American record holder in the latter event and now figures to be America's top female hope for a running medal.

Boston, the 1960 gold medal winner in the long jump, soared 26 feet 5 1/2 inches at Knoxville to announce he's back. Boston was a television track and field commentator for two years but was recently reinstated by the AAU. Whether he'll be permitted entrance to a fourth Olympics is still uncertain.

Van Reenen, whose country's racial policies have disqualified it from the games, became the world's best this year in the discus with a 215-10 throw Sunday at Long Beach, Calif. He is investigating various legal technicalities which might permit him to compete in the games for another country.

Isaksson, setting a world record in the pole vault for the second week in a row, went 18 feet 2 inches—5.54 meters—at the UCLA festivities.

Steve Williams, a tall, lean freshman sprinter for Texas-El Paso, zipped to 9.4 and 20.3 clockings in the 100 and 220 Saturday night as he beat Southern Cal's Aaron Quarrie twice. Quarrie is the world record holder in the 200 meters.

Quarrie ran the third leg of USC's 440 relay team, which clocked 38.8 for the best time in the world this year. A 1967 USC team ran 38.6 for the best on record.

Then, in the eighth, Cesar Torvar was hit by a pitch—a decision the A's argued against long and loud—and circled the bases on Rod Carew's double for the winning run.

Brooks Robinson drove in two Baltimore runs and the Orioles trimmed the Yankees in a game rained out in the bottom of the seventh inning.

Pat Dobson, one of four 20-game winners on Baltimore's pitching staff, combined with rookie Doyle Alexander for the five-hit victory.

Pete Broberg worked eight innings and then relievers Paul Lindblad and Horacio Pina split the ninth as Texas whipped California.

Big Maraton Field

were due to start with the men and compete for three special prizes.

Despite strict qualifying rules, BAA Director Will Clooney and his top, and unpaid, assistant, John Semple, had another tough time holding down the field. The majority of entries held little hope of finishing with the leaders. Most sought only to finish, and in a respectable time.

The joggers included New York State Supreme Court Justice Arnold G. Fraiman, Nevada Lt. Gov. Harry Reid, author Erich Segal, Congressman Byron Goodloe of Maryland and two former BAA winners, Johnny The Elder, Kelley and Johnny The Younger, Kelley.

The Elder, now 64, was ready for his 41st BAA run. The Younger, now a Groton, Conn. school teacher, won in 1957, but has slowed at the age of 41.

Hooten Gets Season's First No Hit Game

By HERSCHEL NISSENSEN
Associated Press Sports Writer

Never mind Apollo 16, there's an unidentified flying object loose in the National League.

It dips, it darts, it spins. Most of all, it has an adversity to being struck by wood.

It's known as "the thing" and opposing hitters are rapidly learning to shorten its appellation from five letters to four, all of them unprintable.

All right, enough suspense. It's really Burt Hooton's knuckle curve and it helped the 22-year-old rookie right-hander of the Chicago Cubs pitch a no-hitter Sunday in his fourth major league start, blanking the Philadelphia Phillies 4-0.

He walked seven and struck out the same number in hurling the earliest no-hitter in the majors since Cleveland's Bob Feller stopped the Chicago White Sox 32 years ago to the day in the Indians' 1940 opener. It was the Cubs' second game of the strike-delayed 1972 season.

Elsewhere, San Francisco outslugged Houston 10-6; Cincinnati thumped Los Angeles 10-1; Pittsburgh blanked the New York Mets 2-0; Montreal nipped St. Louis 3-2 and San Diego downed Atlanta 3-0 after losing the opener 5-1.

Only two balls were really well hit off Hooton. Shortstop Don Kessinger made a leaping one-hand grab of Denny Doyle's third-inning liner and a 16-mile-an-hour wind held up Greg Luzinski's drive in the seventh, which Rick Monday caught near the 368-foot sign in left-center.

For his no-hitter, the Cubs tore up Hooton's contract and

gave him a new one with a \$2,500 raise. Hundley got a \$500 boost.

If anyone is going to hit Hooton, it might be San Francisco's Dave Kingman. The 6-foot-6 giant Giant hammered a single, double, triple and home run and drove in six runs against Houston.

Bob Watson and Tommy Helms socked three-run homers for the Astros.

Joe Morgan's bases-loaded triple keyed a six-run explosion in the sixth inning as Cincinnati belted Los Angeles. Tony Per-

ez' fourth-inning homer accounted for the Reds' first run. Willie Stargell delivered two run-scoring singles and Steve Blass, Bob Miller and Ramon Hernandez combined for a three-hitter as the world champion Pirates stifled the Mets.

Montreal rallied for two runs in the ninth inning to beat St. Louis.

Rookie Bill Greif pitched a six-hit shutout for San Diego against Atlanta in the nightcap after Ron Reed and Cecil Upshaw of the Braves teamed up to stop the Padres on six hits in the opener.

Guts, Luck, Says Hill of Victory

By BOB GREEN
Associated Press Golf Writer
PENSACOLA, Fla. (AP) — It was vintage Dave Hill.

"Does it feel pretty good to win again, Dave?" someone asked after Hill's dramatic victory in the \$150,000 Monsanto Open Golf Tournament Sunday.

Hill, a dedicated perfectionist, considered the question a moment.

"Nope," he said.

"I'd rather play good so that I was ready to win. It'd make you sick the way I hit it."

"I won it with a ton of luck and sheer guts," he paused, grinned and added: "I may have used up all the luck I'll ever have."

The 34-year-old veteran blew a whopping lead as Jerry Heard charged from seven strokes off the pace and built a two-stroke margin in the

bright, warm sunshine. But the wiry, gritty Hill rallied with birdies on two of the final three holes and won his ninth tour title with a par 71 and a 271 total.

Heard, playing a couple of holes ahead of Hill, had the lead alone until he bogeyed the final hole, hooking his drive into the trees. He had a strong 65, six under par on the Pensacola Country Club course, and was second at 272.

"I'd figured to get second until I went to the 18th tee and found out Heard had made bogey," Hill said. "So then I figured, 'What the hell have I got to lose?' I knew I'd hit a good shot or a real bad one. That's all I'd been doing all day."

Hill, tied for the top at that stage, got off a good drive then puffed nervously on a cigaret while he waited on the group ahead of him before hitting his second.

He laced a six iron dead on the flag, with the ball stopping four feet short.

The putt dropped and Dave had the \$30,000 first prize—his first victory in almost two years and a spot in next week's rich Tournament of Champions.

Big Chris Blocker closed up with a 69 for third place at 274.

Veteran Bob Goaly had a hole-in-one on the second hole en route to a 65-275 and fourth. Ray Floyd was alone in fifth with a 69-276.

El Paso in First Place

By THE ASSOCIATED PRESS

El Paso stands today at the top of the standings of the Western Division of the Texas League, thanks to its third consecutive victory over Amarillo Sunday night.

In the Eastern division, Alexandria moved away from the other teams by posting its second consecutive win, a 6-0 victory over Shreveport.

Outfielder Lee Robinson highlighted a four-run El Paso rally in the third inning with a two-run homer as the local team went on to take the game 5-4.

Jeff Zahn, who received relief assistance from Larry McDowell in the eighth inning, got credit for the victory.

Milwaukee Bucks Handily Even Series With Lakers

By THE ASSOCIATED PRESS

Coach Larry Costello of the Milwaukee Bucks knows what he can expect from Kareem Abdul Jabbar. But he isn't always sure about Curtis Perry and Bob Dandridge.

Jabbar, celebrating his 25th birthday, did his usual top job—31 points, 18 rebounds, seven blocked shots—as the Bucks routed the Los Angeles Lakers 114-88 Sunday to even their Western Conference National Basketball Association playoff at two games each.

Perry, the inconsistent rookie who had only two points and seven rebounds in Friday night's loss, and Dandridge complemented Jabbar perfectly Sunday at Milwaukee to buoy Costello's hopes in game 5 at Los Angeles Tuesday night.

Perry hit for 11 points and grabbed 19 rebounds Sunday while Dandridge collected 24 points and 15 rebounds.

In the NBA Eastern Conference series, the New York Knicks carry a 2-0 lead in their best-of-seven series to Boston Wednesday night after beating the Celtics 106-105 Sunday.

The Utah Stars, leading 1-0, play host to the Indiana Pacers

tonight in the American Basketball Association's Western Conference playoff while the Virginia Squires, on top of the Eastern playoff 2-0, don't get another shot at the New York Nets until April 24 because of a previous commitment at the Nets' home court.

In losing to Milwaukee, Lakers center Wilt Chamberlain was held to five points and 11 rebounds. Jerry West, with 24 points, and Jim McMillian, with 18, topped the Laker offense.

The Bucks broke the game open with nine straight points at the start of the fourth quarter for a 86-65 lead.

Dave DeBusschere scored 24 points and pulled down 17 rebounds as the Knicks edged the visiting Celtics. His jumper with 24 seconds left gave New York a 106-103 lead and made the difference as Boston's John Havlicek scored a goal six seconds later.

In the ABA, Utah advanced Saturday with a 108-100 triumph at home against Indiana and Virginia stopped the Nets 115-106 Saturday night. Zelmo Beaty played with aching legs.

He scored 23 points and grabbed 15 rebounds and Jimmie Jones

had 25 points for Utah, defending ABA champions.

At Norfolk, Va., Julius Erving's 38 points and 20 rebounds and reserve Ray Scott's clutch shooting gave Virginia its second triumph over the Nets. The Nets may benefit from the long layoff since backcourt star John Roche suffered a mild ankle sprain Saturday night. Roche and the injured Bill Melchioni, another top guard, may be able to return after the long layoff.

Wants Meet With AM&N

LITTLE ROCK (AP)—William Lemley of Russellville, president of the Arkansas Intercollegiate Conference, says AIC officials are anxious to meet with the board of Arkansas AM&N College to discuss recent actions against the school.

AM&N officials have said they were dissatisfied with AIC measures taken against the institution and have been quoted as saying they desired to withdraw from the conference.

Monday, April 17, 1972

Pryor Gets Backing of Arkansas Labor

HOT SPRINGS, Ark. (AP)—Rep. David Pryor, one of three Democrats opposing Sen. John L. McClellan in the May 30 primary, has received the endorsement of the state AFL-CIO's Committee on Political Education.

The committee also endorsed Gov. Dale Bumpers, who is running for a second term; Pros. Atty. Jim Guy Tucker of Little Rock, a Democratic candidate for attorney general, and Secretary of State Kelly Bryant, who is seeking a sixth term.

Atty. Gen. Ray Thornton received COPE's endorsement in the four-man Democratic race for Congress in the 4th District. Howard C. Cain Jr. of Huntsville received the endorsement in the 3rd District congressional race.

Pryor told the committee Saturday that it was time for a change in the Senate seat, held by McClellan for 30 years. The election, he said, involved "the 30 years of insensitivity to people who cannot afford to defend themselves."

Pryor said McClellan was seeking re-election "because he wanted to be first in seniority, power and influence and last in everything else."

McClellan appeared before the committee and said, "although we may disagree on some issues, I am sure in many areas we are in accord."

He said he had given priority to getting jobs for Arkansas in the performance of his duties in Washington. He said this was

one reason the Pine Bluff Arsenal was converted into a research center after its biological warfare operations were phased out.

Another candidate for McClellan's position, Bryant lawyer Ted Boswell, said he was a man rooted in the labor movement while McClellan had not cast a deciding vote for labor in his Senate career.

A fourth Democratic candidate for the Senate, Little Rock businessman Foster Johnson, questioned anew the financial sources of McClellan's campaign.

"I wonder if the senior senator will tell the people how much campaign monies he has received from the oil com-

panies," Johnson asked.

Bumpers told the committee that 7,200 jobs had been created in Arkansas in the first quarter of 1972.

State Rep. George Davis of Horatio, one of four Democratic opponents of Bumpers, said the number of state employees had increased during the Bumpers administration but that he had not seen an increase in services.

State Sen. Q. Byrum Hurst of Hot Springs, another gubernatorial candidate, repeated his charge that there was a lack of communication between Bumpers and other officials and a failure of leadership in the Bumpers administration.

6 Killed on Highways

By THE ASSOCIATED PRESS
Six persons were killed this past weekend on Arkansas highways.

The State Police said four of the persons were killed Saturday and two persons died Sunday. All were killed in separate accidents.

The Associated Press weekend fatality count began at 6 p.m. Friday and ended at midnight Sunday.

The State Police said John T. Reed, 45, of North Little Rock, was killed Sunday when he stepped into the path of a car on Arkansas 161 in North Little Rock.

Union County officials said William P. Gilkey, 37, of near El Dorado was killed Sunday

night when he lost control of his tractor on a Union County Road.

Authorities said Giley was pinned underneath the tractor after it overturned in a ditch.

Gene Tatum, 19, of Southaven, Miss., was killed Saturday when a car in which he was riding went out of control and overturned twice one mile east of Newport on Arkansas 14. State Police said Donald W. Hammonds, 19, the driver, and George M. Autry, 20, another passenger, were injured. Both are of Southaven.

Rommond Harrison, 1, of McNab was killed Saturday morning in a head-on collision between a car and a pickup truck in which he was riding. Troopers said the truck was driven by Josh Jackson, 17, of near McNab and the car was driven by Ollie Mae Evans, 65, of Texarkana. The accident occurred on U.S. 67 almost four miles north of Texarkana.

Julia M. Weston, 36, of Washington was killed Saturday afternoon when a car driven by Lois Marshall, 19, of Lewisville overturned in a ditch on U.S. 82.

Authorities said Finis B. Bowman, 25, of Harrison died Saturday in a collision between his car and an auto driven by Beverly Methvin, 35, of near Harrison on U.S. 65 north of Harrison.

HOPE (ARK.) STAR, Printed by Offset Wants Conviction Changed

CHICAGO (AP) — Former Teamster Union boss James R. Hoffa says he plans to file suit today in Cincinnati to overturn his conviction in Chattanooga, Tenn., for jury tampering.

Hoffa told a meeting of almost 1,000 union stewards here Sunday that one of his goals in life is to return to the Teamsters Union.

"I've been in the Teamster's since I was 16," Hoffa said. "Now I'm 59. It is the only occupation and meaningful use I've known."

Hoffa's appearance was his first before a Teamster group since he was released Dec. 23 from Lewisburg Federal Penitentiary. He was serving a 13-year sentence for jury tampering and mail fraud.

Hoffa said there were restrictions on what he could say, but

predicted "the year 1972 would be an eventful year... I hope soon I will be successful in securing a release from the controls I have and I will be able to speak out."

Mayor Richard J. Daley told the crowd "There were serious circumstances surrounding the whole concoction that sent him (Hoffa) away."

"He should've been released and he was," Daley said.

"As long as I'm mayor," Daley added, "I will stand behind what I think is right in the labor movement and what's right in the Teamster's."

Hoffa, who still insists he is innocent, stopped in Chicago while en route to Washington where he is scheduled to testify today before a House subcommittee on paroles and pardons.

Train Hijacker Jailed

EARLE, Ark. (AP) — Daniel Deoca, 38, of Memphis had jumped from one freight car to another and was within two cars of the train's engine when he was arrested Sunday, halting an apparent attempt to hijack the train.

Deputy Sheriff Don Smithson of Crittenden County said that after Deoca was arrested he said he was "going to take the train to California."

"This is the first time I ever heard of a freight train being hijacked," said Smithson. "They've quit the airplanes and started on the trains now."

Smithson said when the Missouri-Pacific train was stopped at Earle, Deoca pointed a .22-caliber pistol at the four waiting law enforcement officers, hesitated, then stuck the gun back in his waistband before jumping off the train.

Smithson said that Deoca was charged with public drunkenness after registering .20 in a breath test—13 is considered intoxicated.

He was also charged with carrying a concealed weapon.

The deputy said that the engineer and the conductor on the train said that Deoca had singled out to them with three flares several times.

However, Smithson said that each time an engineer stuck his

head out the window, Deoca would point the gun at him and wave to either speed up the train or to slow down.

Smithson said the law officers mistook the flares for dynamite, but he said that Deoca later told them he was using them to light cigarettes because he was out of matches.

"I was scared to death, I'm not going to lie to you," Smithson said.

Deoca's odyssey apparently began when he received a call Saturday from his grandmother in California telling him that his former wife had died in January.

He told arresting officers he decided to go to California to bring his five children back to Memphis, where he works in a glass factory.

Harry Hammer, public relations director for Missouri-Pacific, said the train crew radioed at about 2 p.m. that a man had climbed on the train as it passed over the bridge in the Mississippi River.

Smithson said that Deoca, a Mexican-American, did not appear to be sorry for what he had done at first.

"But after talking to him an hour and a half, he said he was awful sorry it happened," Smithson said. "He started crying and said he wanted to get out to California."

Smithson said Deoca was "then fed dinner and was put in jail."

Jap Nobel Prize Winner Is Suicide

By JOHN RODERICK
Associated Press Writer

TOKYO (AP) — The suicide of Yasunari Kawabata, the first Japanese to win the Nobel Prize for literature, illustrates the continuation of a dark strain in the philosophy of Japanese novelists.

The frail, 72-year-old Kawabata was found unconscious Sunday in a seaside apartment house near Yokohama, a gas hose in his mouth and a half empty whisky bottle alongside. He died without regaining consciousness.

He had been suffering from gall bladder trouble, but there was no suicide note, and neither friends nor investigating police could learn the motive for his act.

But Japanese writers have

been preoccupied with the pessimistic side of life for years. Death often has absorbed them. Kawabata, leader of the Sensualist school of Japanese writers, was intrigued by the contrasts between youth and life, corruption and death.

Thirteen Japanese novelists and playwrights have died by their own hand since 1895. One was Ryunosuke Akutagawa, the author of "Rashomon," the story of a murder as seen through different eyes. He killed himself in 1927.

Eight of the suicides have taken place since World War II. Japan's defeat, the absence of a spiritual anchor to replace the nationwide cult of Shinto, and disillusion with the materialism of society were factors

in most of them.

Another was the general acceptance in Japan of the act of self destruction. Suicide is regarded as an act of purity, particularly if it is done in furtherance of a deeply held ideal.

Kawabata was a gentle and soft spoken man who lived a secluded life. This pattern was rudely broken by the Nobel award in 1968. In the months afterward he forced himself to receive often unwanted attentions from the press and public.

Novelist Hitomi Yamaguchi, his next-door neighbor, noted that the white-haired writer lived something of a life in death because of persistent insomnia.

"Spiritually he was a lonely man," he said.

Johnson Continues to Recover

SAN ANTONIO, Tex. (AP) — Former President Lyndon B. Johnson remains secluded in his penthouse hospital suite as he continues to recover from a major heart attack, officials report.

Spokesmen said Sunday that he was still "getting along fine" at the Army's Brooke General Hospital.

Messages of good will have been arriving steadily, including some from children at Stonewall, Tex., near his LBJ Ranch.

Janet Smith, teacher at a kindergarten established there by the former president, said her youngsters worked for hours last week on get-well cards for him.

Their messages included one that advised him: "We miss your jelly beans." Another echoed the thoughts of many well-wishers: "We want you to feel good, Mr. President."

One of the children, Tyree Burns, 4, keeps asking when the former chief executive will bring more of his bags of jelly beans to the school, the teacher said.

Johnson flew to Brooke last Wednesday after he was stricken on April 7 in Charlottesville, Va. Doctors described his condition as "quite good" in the only medical bulletin released since his arrival here.

Apollo Timetable

SPACE CENTER, Houston (AP) — Here is a timetable of major Apollo 16 events (All times EST):

MONDAY, April 17
7:33 p.m.—Possible mid-course correction by the spacecraft.

9:54 p.m.—Astronaut Charles M. Duke enters lunar module, followed by Astronaut John W. Young.

11:54 p.m.—Young and Duke return from the lunar module to join Astronaut Thomas K. Mattingly II in the command module.

TUESDAY, April 18
2:24 a.m.—Sleep period begins.

10:24 a.m.—Sleep period ends.

5:23 p.m.—Possible mid-course correction by spacecraft.

6:44 p.m.—Duke enters lunar module for inspection and test of communications equipment.
7:39 p.m.—Duke returns briefly to command module and the three astronauts put on their space suits.

8:08 p.m.—Duke and Young go into lunar module.

8:18 p.m.—Duke and Young return to the command module.

10:54 p.m.—Sleep period begins.

WEDNESDAY, April 19
3:23 p.m.—Lunar orbit insertion.

THURSDAY, April 20
1:08 p.m.—Spacecraft separation.

3:41 p.m.—Lunar landing.

NANCY McMILLEN

Miss Nancy V. McMillen, daughter of Mr. and Mrs. L.G. McMillen of Route 2, Hope, entered the Women's Air Force (WAF) on April 6th. On April 7th, Miss McMillen was flown to San Antonio, where she is attending a six-week basic orientation course at Lackland AFB prior to entering Technical School at Wichita Falls, for training in the medical field. After completing Tech. School, she will then be assigned an Air Force Base of her choice stateside or overseas.

Miss McMillen is a 1971 graduate of Hope High School. She indicated she plans to take full advantage of the opportunities to continue her formal education through the Air Force assistance programs during her tour of duty.

Miss McMillen made application for and enlisted in the Air Force WAF Program through S-Sgt Lynn H. Waterhouse, USAF Recruiter, 323 W. 7th St., Texarkana, Texas.

Intermediary to be Appointed

MINNEAPOLIS, Minn. (AP) — State Corrections Commissioner David Fogel says an ombudsman for the corrections system will soon be appointed by Gov. Wendell Anderson.

"He'll be able to look over anyone's shoulder and have complete access to the system," Fogel said Sunday in describing plans for the intermediary between inmates and officials.

Nudist Give Away Clothes

BERNALILLO, N.M. (AP) — Nudists, of course, don't wear clothes.

But the nature worshippers in New Mexico's only nudist camp go even farther—they give away clothes.

The Yucca Naturist Club, near Bernalillo, presented Goodwill Industries on Saturday 1,780 pounds of clothing and other items collected in the club's annual clothing drive.

MEN WANTED

CATTLE AND LIVESTOCK BUYERS

We want men in this area. Train to buy cattle, sheep and hogs.

We will train qualified men with some livestock experience. For local interview, write today with your background. Include your full address and phone number.

CATTLE BUYERS, INC.

WANTED!

Men & Women

Age 18 and over. Prepare now for U.S. Civil Service job openings during the next 12 months. Government positions pay high starting salaries. They provide much greater security than private employment and excellent opportunity for advancement. Many positions require little or no specialized education or experience.

But to get one of these jobs, you must pass a test. The competition is keen and in some cases only one out of five pass.

Lincoln Service has helped LINCOLN SERVICE, Dept. 22-4B
Pekin, Illinois

I am very much interested. Please send me absolutely FREE: 1) A list of U.S. Government positions and salaries; 2) Information on how to qualify for a U.S. Government job.

Devlin Is Sentenced

BELEFAST, Northern Ireland (AP) — Bernadette Devlin, and another Irish member of the British Parliament were sentenced in absentia today to six months in jail for taking part in an illegal parade.

Northern Ireland's young Roman Catholic firebrand and the other lawmaker, Frank McManus, refused to appear in court in Enniskillen and were not represented by lawyers. But she said earlier she would go to jail if convicted.

They were convicted of defying the ban on parades by joining a march in Enniskillen in February to protest the killing by British paratroopers of 13 civilians on Londonderry's Bloody Sunday.

Meanwhile, British troops battled vengeance snipers in the streets of Belfast and Londonderry Sunday night as guerrilla gunmen retaliated for the slaying of IRA chieftain Joseph McCann.

McCann's funeral Tuesday in Belfast was expected to attract thousands of mourners and could touch off more rioting.

The shooting of McCann Saturday by soldiers in Northern Ireland's capital touched off the province's bloodiest weekend since the British government imposed direct rule last month.

Three British soldiers, and a Belfast youth were killed by bursts of gunfire.

The official wing of the Irish Republican Army announced that it would kill policemen in revenge for the death of McCann, who was killed by paratroopers acting on a police tip.

Two of the soldiers were killed in clashes in Londonderry, Northern Ireland's second city, while a lieutenant who had only been in the province for five days died in Belfast.

The weekend deaths raised Northern Ireland's fatality total in 32-months of communal violence to 306.

Football coach Jim Owens is in his 15th season at the University of Washington

Radical Transformation on Prison Reform Stand

By WILLIAM L. CHAZE
Associated Press Writer

MACON, Ga. (AP) — William E. Laite Jr., by his own admission knew little and cared less about prison reform during his eight years as a Georgia legislator.

When he came across a prison road crew, he said, he would shrug and say to himself: "Well, they must have done something wrong or they wouldn't be there."

But now the 39-year-old Laite is director of work release programs for the Georgia Board of Corrections. Prison journals lie on his kitchen table and his book on prison life and reform will be published this month.

Laite's radical transformation—from an apathetic legislator with regard to prison reform to an activist—is rooted in a six-month federal prison term he served for perjury.

He said he was horrified by what he saw.

His prison stay was, he says, a constant battle to retain his sanity and his humanity.

"I realized that all those years in the legislature—all of those prison stories I heard that seemed so self-serving, they were true," said Laite, a round-faced man with dark thinning hair. "I began thinking

that if I got out of this, I'd do something about this mess. It was a miserable raw experience."

His book, "The United States vs. William Laite," describes how he was elected to the Georgia Legislature in 1962 at the age of 29 and was on trial for perjury in a federal courtroom in Texas in 1968.

A contractor, Laite was convicted of lying to a federal grand jury investigating reports he had falsified time sheets for his employees working on a Federal Housing Authority renovation project.

He was sentenced to one year and a day for perjury and pleaded guilty to a separate federal charge of signing the time sheets. He received another sentence of a year and a day, the sentences to run concurrently.

On Nov. 1, 1969, just a few weeks after his 12-year-old son was killed in an accident, Laite was placed in the Tarrant County Jail at Fort Worth, Tex., to await transfer to a federal prison honor farm at Eglin Air Force Base, Fla.

Laite said that within minutes, two inmates approached and, between themselves, began discussing him in sexual terms. Their attention was diverted when an 18-year-old was thrown into the cell.

"They ripped his clothes off and eight or 10 of them raped him."

"I felt the experience matured me," said Laite. "It shook me up. I never knew people treated people like that."

He returned to the legislature last year—as a lobbyist for the Board of Corrections, pushing a package of prison reform bills. Twenty-one out of 25 were approved, including one that will allow prisoners to receive furloughs for good behavior.

New Task for Firemen

MISSOULA, Mont. (AP) — Sunday wasn't the day for sleeping late at the Mike Picchioni home.

Shortly after 11 a.m. a frantic call summoned firemen and neighbors to his home.

A fire truck, specially equipped with a vacuum hose and used mostly to combat grass fires, rolled up to his bedroom window, and firemen and friends pitched in to their task.

A waterbed had burst and the vacuum hose was needed to bail out the flooded Picchioni bedroom.

Pressured to Turn Loose Agent Orange

By DON KENDALL
AP Farm Writer

WASHINGTON (AP) — The government is under pressure to turn loose the powerful Agent Orange, a chemical defoliant banned for use in the Vietnam war, for widespread application on American ranch lands.

Government sources say ranchers have urged that the chemical be declared military surplus and sold to them at cut rates for use in killing sagebrush on millions of acres of livestock grazing land.

Some members of Congress also have asked that the chemical be made available to ranchers, according to a spokesman for the Environmental Protection Agency.

But the EPA says it is unlikely government stockpiles of the chemical will be declared surplus.

Agent Orange was used for years by the Air Force to denude Vietnam jungles before the Defense Department halted the practice in 1970. Laboratory tests showed the chemical retarded growth and caused birth defects in rodents.

Miss Arkansas Universe Named

LITTLE ROCK (AP) — Susan Clare Tichenor, 21, of Pine Bluff has been named Miss Arkansas Universe.

The government has about 1.6 million gallons of Agent Orange in South Vietnam and another 800,000 gallons in U.S. storage it would like to destroy.

"We're being besieged on both sides," the EPA spokesman said. "From ranchers who want us to get it for them, and from environmentalists who object to plans for burning it."

The EPA says burning Agent Orange in high-intensity furnaces which have antipollution safeguards is an acceptable method of disposal as long as it is done away from major population centers.

Citing objections to the ranchers' plan the EPA spokesman said, "Orange has a higher content of technical materials than the chemicals registered for use by ranchers. It also probably contains more impurities—dioxins—which are believed to be most harmful."

Arkansas Nuclear One has the look of the future.

The Southwest's first nuclear-fueled electric generating station is reaching for the sky on the north bank of the Dardanelle Reservoir. When both units of Arkansas Nuclear One are completed in 1975, this plant will almost double the generating capability that AP&L had at the end of the Sixties. These units will lessen our dependence solely on fossil fuel sources.

And because nuclear fuel is used, there are no ash, soot or solid particles emitted into the atmosphere.

In fact, Arkansas Nuclear One will use one of the cleanest, most pollution-free methods of generating electricity known to man.

Arkansas Nuclear One is another example of how Arkansas Power & Light plans to stay ahead of your growing electric power needs.

LEGAL NOTICE

LEGAL NOTICE

NOTICE OF SALE OF SCHOOL BONDS

Hope School District No. 1-A of Hempstead County, Arkansas, hereby gives notice that it will sell on auction bids on the date specified below its proposed issue of \$400,000 Construction School Bonds, to be dated May 1, 1972, with interest to be payable semiannually on February 1 and August 1 of each year, commencing February 1, 1973, and maturing serially on February 1 of each year as follows:

YEAR	AMOUNT
1974	\$8,000
1975	9,000
1976	10,000
1977	11,000
1978	12,000
1979	13,000
1980	15,000
1981	16,000
1982	17,000
1983	18,000
1984	19,000
1985	20,000
1986	22,000
1987	23,000
1988	26,000
1989	28,000
1990	30,000
1991	32,000
1992	34,000
1993	37,000

The bonds were approved by the electors of the District at the annual school election on March 14, 1972, and at said election a continuing annual building fund tax of 3-1/2 mills on the dollar of the assessed valuation of the taxable real and personal property in the District was voted for the payment of the principal of and interest on the bonds until paid in full. The bonds will be general obligations of the School District secured by the District's full faith, credit and resources. They will be primarily payable from said building fund tax, but in addition, the bonds will be secured by a pledge of all revenue that the District can legally pledge, including the annual surplus derived each year from the building fund taxes previously voted for bonds now outstanding.

The surplus arising each year from the District's building fund taxes may be used by the District for other school purposes. The assessed valuation of the taxable real and personal property in the District, according to the 1971 assessment is \$13,507,869.

The purchaser may name the Trustee and Paying Agent. All expenses of the issue, including the printing and trustee of the bonds and the fee of Smith, Williams, Friday, Eldredge & Clark, Bond Counsel, Little Rock, Arkansas, will be paid by Stephens, Inc., Little Rock, Arkansas, the District's fiscal agent.

Neither supplemental nor dual coupons will be permitted but the purchaser will have the privilege of converting the bonds to an issue bearing a lower rate or rates of interest with any conversion to be in accordance with the Universal Bond Values Tables and upon such terms that the District receive no less and pay no more than it would receive and pay if the bonds were not converted, with any conversion to be subject to the approval of the Board of Directors of the District and of the Director, Department of Education of the State of Arkansas. In addition, the following conversion conditions shall be applicable:

- (1) The average maturities cannot be shortened by more than six months;
- (2) The converted schedule shall contain not more than four (4) rates of interest (not counting the same rate of interest that is repeated for different maturities); and
- (3) The difference between the lowest rate of interest in the converted schedule and the rate bid must not be greater than 1 percent.

The bonds will be callable for payment prior to maturity, at the option of the District, in whole or in part, in inverse numerical order at par and accrued interest as follows: From surplus proceeds of said building fund tax on any interest paying date; from funds from any source on any interest paying date on and after February 1, 1977.

No bid of less than par and accrued interest will be entertained. Only one rate of interest shall be bid and the award, if made, will be to the bidder whose bid results in the lowest net interest cost to the District.

computed by determining the total interest cost from date to maturity.

The bonds will be sold upon auction bids at 7:30 o'clock p.m. on the 8th day of May, 1972, in the office of the Superintendent, Hope High School, Hope, Arkansas. Each bidder will be required to file a certified or cashier's check in the amount of \$8,000 on a bank that is a member of the Federal Deposit Insurance Corporation, payable to the District, to be kept as liquidated damages if the bidder is awarded the sale of the bonds and fails to complete the purchase. Checks of unsuccessful bidders will be promptly returned and the District will not pay interest on good faith checks. The District reserves the right to reject any and all bids.

The successful bidder will be furnished, without cost, the unqualified approving opinion of the law firm of Smith, Williams, Friday, Eldredge & Clark, Little Rock, Arkansas, to the effect that the bonds are valid and legally binding obligations of the District and, unless paid from other sources, are payable from the continuing annual tax levied upon all of the taxable real and personal property within the District. They will also furnish a statement in such approving opinion that they have taken into account litigation recently instituted in certain states, such as Serrano v. Priest, in California, Van Duzart v. Hatfield, in Federal Court in Minnesota, Rodriguez v. San Antonio Independent School District, in Federal Court in Texas, and Hayes v. Sherrell, filed January 17, 1972 in the United States District Court for the Eastern District of Arkansas, challenging the constitutionality of the present system of levying the taxes and applying funds for public school purposes, and that it does not modify or qualify the conclusions stated in their opinion.

For further information address the undersigned or Stephens, Inc., Little Rock, Arkansas.

Given this 10 day of April, 1972.

Cannonball Still Dangerous

JACKSON, Miss. (AP) — Police have warned Jackson residents that a stolen 200-pound cannonball, made in 1863 in the North, is still capable of creating heavy damage and of killing persons.

The "live fuse" cannonball, filled with black powder, was stolen from its resting spot outside the home of C.O. Drummond of Jackson, police said. Drummond noticed it was missing Saturday.

Drummond said Sunday he had tried to get bomb experts to defuse it, but they had declined because they were not sure of how to disarm such a large explosive device safely.

Drummond said it was one of two cannonballs found on his property in Vicksburg in 1947, during construction of an addition to his home at the time.

Nixon Braced for Defense of Action

WASHINGTON (AP) — The Nixon administration braced for a two-front defense of its Vietnam policy today, readying a reply to a Soviet protest and sending Secretary of State William P. Rogers to face critical senators.

Administration sources predicted a quick response, via a note to be delivered in Moscow, to the Soviets' Sunday night communication condemning American bombing of North Vietnam.

Sources said the Kremlin protest handed Ambassador Jacob Beasly specifically mentioned Haiphong, North Vietnam said Sunday U.S. bombers damaged several ships there, including the Soviet freighter Simferopol, injuring a crewman.

No evidence has been received here of any bombing of ships in Haiphong, North Vietnam's main port of entry for Soviet war supplies, U.S. officials said. Pentagon authorities said the weekend strikes were aimed at fuel dumps, truck parks and the like.

But an inquiry was reported under way. U.S. diplomats recalled that before halting its raids on North Vietnam in 1968, Washington once rejected a Moscow complaint of damage to a Russian vessel in Haiphong only to find from later pilot interrogation that U.S. explosives had fallen near the ship.

The rising U.S.-Soviet tension over Vietnam underscored a question increasingly asked here: Will it torpedo Nixon's proposed May 22-23 visit to the Soviet Union?

Administration officials said no preparations for the Moscow summit are still on the track, though the Vietnam issue obviously is scarring relations. Nixon himself has kept publicly silent about the bombings since they began.

Nixon is known to favor negotiating through strength. Thus his heavy bombing of the North, in the opinion of some

Monday, April 17, 1972

aides, will be notice to Moscow that he does not intend to give way on Vietnam in face of Russia's support of Hanoi.

Administration authorities indicated also that the U.S. attacks make clear to North Vietnam that it will have to reckon with American air power despite withdrawals of U.S. ground forces.

In saying plans for the Moscow summit still are on schedule, the officials noted an advance White House technical party is heading for the Soviet capital today.
